party meetings in the first floor of the Banga Lakshmi Hotel at 2/2 Wellington Street. SRI TARAPADA GUHA and SRI DEB KUMAR GUHA, sons of PYARI LAL of Dehorgati, Barisal, both pro-Communist are the joint proprietors of this hotel. It was resolved recently in one of these secret meetings to classify the members into 'imposed' and 'unexposed' categories. The most intelligent men amongst the unexposed Communists would mix with other party members to study them politically and also to know their activities fully. SRI. TARA PADA GUHA, SRI DEB KUMAR GUHA, SRI PHANI GANGULI, an employee of the Government Press would carry on this work. It was also decided to make some desperate attempts on the lives of the high officials and Ministers, but it was learnt that nothing would be done till the return of SRI SABAT CHANDRA BOSE from Europe. It was further decided not to set fire to tram cars, and Government buses, throw bricks and indulge in such activities for fear of losing public sympathy, and support from SRI BOSE who would surely denigrate them.

SRI SUDHIR RANJAN CHAKRAVARTI s/o ANIKUL of Dehorgati, Barisal and of Calcutta and others left for Barisal sometime ago with some funds for the maintenance of the party absconders at Barisal. He was however, arrested by the local Police on the next day, he reached Barisal. More money was sent with the wife of SRI SUSHIL DAS to secure his release on bail. He was with great difficulty, however, released on bail.

SRI SUREN DAS s/o late RAJANI of Chandapara, Barisal, working in the labour front, has been sent to Calcutta to study the programme and activities of the party in Calcutta and in the neighbourhood. On his return the local workers would know all information concerning the party and decide their future course of action. Enclosure

Resolution:-

" The people's party heartily
congratulates Shri Sarat chandra
Bose on his tremendous success
in this election against the Congress
Candidate. The Congress should not
have set up a candidate against
Shri Bose for a seat which was
vacant by the death of his brother.

in face of the fact that "the Bose
family" had obliged this nation
highly and because the Congress
won the last election because of
such Gov. ^{Sarkar} Shri Sarat Chandra
Bose's I.N.A., vengeance instead
of gratitude turns in every act
of the Congress at this election.
The party further supports
the so called the Jawaharlal
statement made in this respect.
If it is true, it is direct
insult of voters of Bengal and
of the democracy. The success of
Shri Sarat Chandra Bose is a
defeat of Congress regime."

Sir,

Through your popular columns I would like to convey my heartest congratulations-nay deep warning to Shri Sarat Chandra Bose on his brilliant success in the last election contest. I know, it is rather a bit queer to warn him at this stage. Yes, I know that. But as an elector I feel, I am responsibility-bound to forewarn the elected. My personal opinion might not be in the big count--but it is at least a part of the voice of the electors--which the elected should better not ignore.

We have had enough of big talks on wishful projects, democracy, tolerance, love, sacrifice etc. And allow me to tell him here and how that we would not tolerate such hollow bickering any further. No we are thoroughly tired of such things. We have elected Srijut Bose, with the hope that he would do something tangible something concrete and that for the people. We wish he should do things rather silently

Our self elected Prime Minister delivered his judgement on the SouthSouth Calcutta Bye-election result, to the effect that "it is not verdict of the mass." We expect Srijut Bose to seek out the authority under which Pandit Nehru could dare insult 19000 voters citizens of India with such insinuating and damaging utterances, or if it is a fact that our once beloved Panditji has gone crazy, it is, I think our duty as fellow-citizens to offer him (Pandit Nehru) the necessary medical attention. But no, we may not have to go to that length. In his last statement on the same issue (South Calcutta Bye-election) it seems that better sense has dawned upon him. However strange it might be, he seems to have recognised the obvious...we rejoice at his suggestion of a thorough heart searching-a general examination-of the Congress heart (of course Heavens-and also his party-knows only, how much it will cost the public exchequer for the luxury of having such an operation). Anyway we should have felt much happier, if he would very kindly agree to scrutinise his own statements (Pre-British period) and then his statements (Post British period) and then take the trouble of searching his own heart in the light of those interesting statements, plans

pledges, promises etc

I do'nt know whether I am expecting too much, but I wish Srijut Bose not to start cutting public throat at public expense and then tell the public that it is for public benefit.

I am quite conscious of the Himalayan magnitude of the task that lays ahead of anybody who would come forward to handle the to-days problems in India. Particularly so, after two years of utter mismanagement of things. But ~~that~~ we want him to be honest. Even if he fails let him come down and tell that honestly.

I am sir, an humble student of Science, with almost no political shade, so to say. In fact, the last thing that I would do, is to identify myself with any political party or group - filthy as they are. But when politics gets mixed with your food in the shape of stone chips you can't possibly ignore it. At every bite you feel its existence its nature - its treachery and its brand. At least my poor self being unfortunately a man with human anatomy, feels it that way. So I would be watching with immense interest - how many stone chips Srijut Bose could remove from the whole lot. I think, it is one of the main issues with which Srijut Bose has been commissioned by the people of South Calcutta.

Before I finish it up, I would like to request you once again, to be kind enough ~~but~~ may bold enough to convey this to Sri Sarat Chandra Bose through the columns of your much esteemed paper.

Yours etc

My dear Sarat,

I could not make up my mind as to whether the South Calcutta
Bye-election by itself really gave rise to any occasion for congratula-
ting you on your success and that is why I did not so long do so. I
thought if anybody were to be congratulated at all on this occasion it
was the people of West Bengal, the members of the South Calcutta Constit-
-uency who succeeded in establishing that, given the requisite awareness
our educated mind can baffle the enslaving attempts of blatant propagand

Some, I find, decline to see in this election anything but the
re-emergence of the symptoms of mass hysteria and denies it any p
positive value. Perhaps they ignore that it is highly unlikely that
there should be only negative value, and ^{none} ~~hope~~ positive compatible with
such unifying emotions on a large scale, if these were really mere
emotions. Those who have discerning eyes would not fail to observe that
what they are preferring to view as emotions, represent largely shared
and experiences/hence there spiritualization instead of emotionalization
would be feasible.

I take it that those who are now denying this remarkable event th
this its inherent potentiality are really growing out a challenge to y
you. For the purpose of the election you threw up a challenge which
the present leaders of the Congress took up and ultimately got worsted
It is for you now to take up this challenge coming from them.

I have full faith in you and I believe you can help the full
realization of this tremendous potentiality. I would congratulate
you when you do that.

Yours affectionately

My dear brother,

I have got your letter of the 12th inst. and am glad to know that you are better. We are looking forward for your return fully restored to health. You should not and need not be in a hurry to come back before you are in a position to take up the strenuous work which will confront you as soon as you arrive here.

I wrote to you another letter about the middle of this month, which I hope ^{you} have got by now. After your return here you will have to act and speak very carefully. When you were last released from detention, you came with a haze of glory round you and designing people took advantage of you to meet their ends and ultimately left you in the lurch. This may happen again, if you are not careful and in the name of what is being called Left consolidation, your unique position may now be sought to be utilised for party or personal ends. The activities of some of the parties, who are known to be left, are also not such as would command your unhesitating approval and to the lay public who are not political combatants their actions do not seem to be conducive to the general interests of the lay public. I have been asked by some friends to request you not to forget that 90 % of votes polled in your favour came from the class known as the intelligentsia and they are not so much interested in party manouvres as to the creation of a decent and clean public life and eradication of the many evils of corruption, of which they are the ultimate and unfortunate victims. In all your ^{future} actions therefore it should be according to them, your prime motive to further the interests of the general public and not the interest of any particular party or parties. Parties now-a-days, whatever be their professed ideals, have a tendency towards totalitarian or fascist methods and the last two years experience of the people had made them very despondent. It would be something if you can with the opportunities now at your disposal cut through the trammels of party interests and foster the real interests of the people.

269

I have communicated the facts you wrote about the paper mill to the Jhargram people, and I shall inform you their views later on. It seems to me however that in the present state of economic depression, it would not be feasible to raise 20 lakhs, unless the Government reverse their present industrial and taxation policies. Two years of amateurish experiments have already ruined the financial structure of the country and though it is clear that the impatient idealists have now seen the folly of their ways and are trying to retrace their steps, it appears to me that the mischief has already been done and with the depleted sterling resources and adverse trade balance, it would be difficult now to undo the mischief. However negotiations are going on with some parties if it is possible to raise the money, I shall let you know. Please ask the expert what further capital would be necessary for a paper cum pulp mill, because the reason for going to Jhargram is that there are abundant raw materials such as, Saboi grass, bamboo wood. The Titaghur, Bally and Naihati mills also take their supplies from this area and the neighbouring Orissa states. We wanted to take advantage of these natural resources. Moreover it appears to me some what risky to ^{rely} ~~rely~~ on foreign pulp, in view of the uncertain monetary and import policy of the Government. It was in that view that we thought it better to start a small concern of paste board mill with about 10 lakhs as capital, for the present, with provisions for converting it into a full sized paper and pulp mill at a suitable opportunity later on. The expert with whom you are in touch is not likely to be interested in such a small concern, but it is the intention of the organisers here to utilise his services, if the bigger project can be brought into ~~being~~ being.

I shall be glad to know how you are now doing and what is the latest report about your heart and general health. We are all well here with love and respects.

Yours affectionately

Dear Comrade,

Pandit Nehru in the Press

Muslim refugees. What a vast difference
Nehru Government should be ashamed
of it. Of course Congress Ministers issue
Communiqués blaming the refugees
for petty things but are not the
H/Refugees in Pakistan doing so. It
is ~~said~~ said that when end of a path
is in sight it does unworthy things.

Congress only knows how to please
masses by delivering speeches only. Do
they implement what they say?
never at all! following in the
foot-steps of British Masters under
whose Subjection they have learnt this
diplomacy. Congress will never admit
its blindness. They are very clever to
give to certain just demand a
Communism colour in order to
suppress it. Wally. Is this befitting?
My heart bleeds when I find this
sad plight of Homeless refugees.
They sacrificed everything for freeing
India. Donated Congress suffered
imprisonment to break chains of
slavery. They dreamt that rivers of
milk & honey would flow and that
they would find themselves in a
much better position than that of
British Rule. Their sacrifices have
borne fruit since they have been
ruthlessly made a target of Police
firing etc. This growing hatred
among the refugees will no doubt
bring a Revolution supported by
Communists, Akalis, Nankhites
& Socialists. The last named will
play the part of weakening the
Revolution but the masses are fully
aware of it.

P.T.O.

(2)

256

And former beloved leaders of masses will be the first target and blown off. Of course the result would be "Chaos" but - This is actually what the British want and no doubt the Congress is playing the hands of Imperialists. Love has turned in to hatred & worship in to curse.

Mr. Jinnah proved to be a best politician. He believed in Two Nation Theory and wanted a separate Islamic State for Muslims. He achieved it. India was partitioned and a new state - Pakistan was born, reserved for only Muslim.

Hindus were forcibly driven out from their homes & hearths. They were treated fifth. Communists and enemies of the State. They were compelled to leave Pakistan. Many were made to embrace Islam and remaining were allowed to live only if they believed in Islam and posed themselves as Muslim. Such an atmosphere was created in Pakistan so that Muslim should pour in large numbers & when it was full deceiving statements were issued by prominent Pakistanis and Communiqués issued by the Pak Government assuring safety. 17

(4)

Justice & fair treatment to Hindus
with the evil intentions that Muslims
(League minded) living in India should
not be touched & forced to quit
India. Double Crossers. Our India
Government played in to the hands
of Pakistan Government & intentionally
did not rehabilitate Hindu
refugees so that they should go
away back to Pakistan no matter
they were either mercilessly put to
death or they embraced Islam.
Thanks to the Jinnah for this
achievement. Congress, I mean, its
appeasement Policy was responsible
for the Partition of India, and
this to is where they also failed
in rehabilitating the refugees. Our
Leaders claimed India to be a
Secular state, Rascals, Scoundrels,
traitors, & bloody fools. Had they
achieved freedom of united India
then they would have very well
called it a Secular state.
But in the present form they
cant call it a Secular state when
it is divided in to two parts.
Congress Government is strong enough
to suppress any move of the
Muslims in India, but it cannot
remain in power for all
the time and the day will come
when other parties will come P.T.O.

in to Power who with the alliance
 of ~~the~~ Muslim block will rule the
 Country. ^{Muslim will have a command} And greater voice in the
 assembly. and so to say retain
 with themselves the status of
 "Balancing Power". Congress may
 or may not see the Partition
 of present divided India but
 the future generations will have
 to face the demand of Division
 once again.

Is not the Afghan
 Government playing the same
 & seek game? India should
 beware of it. It should do every
 thing wisely and think of the
 consequences. More in next.

The Editor,

Sir,- In reply to statement made in
today's "Statesman" by Mr. Ananthasayanam
Ayyangar, Member Constituent Assembly and
Secretary Congress Party, on the defeat of
Congress Candidate in South Calcutta Election.
I write to say that there is no question of the
halo attached to Netaji Subash" it was a
pure and simple Sarat Bose's success and
a clear defeat of Pandit Netaji and
Sardar Patel and other Congressmen.

Regarding the question of the ~~halo~~ attached
I cite here Manilal Gandhi eldest son of
Mahatma Gandhi. Mahatma Gandhi was no
doubt a greater leader than Netaji Subash.
In 1942, it so happened that Manilal Gandhi
brought with him Mahatma's blessings for
the couple in a Delhi wedding. As the func-
tion was over Manilal accompanied my
friend a senior Advocate of Delhi and
asked for Rs 10/- which he at once refused
- where was the halo attached to Mahatmaji.

Early in March last when Mr. Sarat Chandra
Bose visited Delhi and made a statement
on the present situation, I appreciated it
so much that I wrote back to him as under:-

"I have the conviction that any party
having full support of the Press can

can successfully beat the Congress at the poll as the latter have betrayed the trust reposed in them for the last thirty years" and added "that if these Congressmen who ~~were~~ are in power have any sense of responsibility they should in a body jump into the sea and have an eternal sleep."

Sarat Bose therefore, has won the election on his own merit and not the ~~hats~~ halo attached to Kelaji.

It is not true that the Congress Government's own statistics ~~have~~ have spent Rs. 50 crores on 6 million evacuees, who are still lying in open unprotected in almost all the streets and Maidans of Delhi and other places.

Regarding our Food, according to Congress Government's own statistics there was no food shortage in this country vide Economic Adviser's monthly journal on Agriculture section, January 1949, Table 34 - it says that for 1948-49 India produced 1,550 million bushels or 41,500,000 tons of rice. If that rice was in the Indian market, there was to be no famine in India and that there was no necessity of importing foreign rice for us. This statement further disclosed that the world production of rice for 1948-49 was 7,400 million bushels, out of which China, India, Pakistan, Japan and Burma share a production of 6,825 million bushels for a population of 900 million people out of world's 2300 million people. Therefore, world people other than Asiatic were hungry. Under the circumstances why women in ~~India~~ Burma sold for Rs. 25 and 25/- where with to procure rice and we in India semi-starved.

semi-starved. This shows that the Congress Government in India along with other Asiatic countries have achieved the so-called freedom and ~~and~~ independence for their personal gains at the expense of their nationals.

Yours faithfully,
Sd/ Chate Behari Lal.

"Sir

The statement of Dr. Pattavi in connection with the South Calcutta Bye-election is really a funny one. First of all this learned gentleman has opined that personality has influenced this election hence there is no fear for the congressmen. It is assumed that the Congress President has forgotten that three years back a lamp-post of Congress could win an election but not to-day, it is because of the people's losing faith in Congress for the unprecedented knack and devising various means of exploitation and such by Congressmen and those who are in power. Secondly the Congress president has remarked that mostly the people of South Calcutta are educated hence their conception of Democracy is theoretical as if all practical sense has gone to the Congressites the angels of purity and justice. Thirdly perhaps unobservedly the Congress President has confessed the Truth - Centre's traditional neglect for Bengal, it was the case with Deshbandhu, Netaji and also with Sarat Babu.

The statement of Dr. Pattavi is fallacious and, with touch of fun as I think, by going to show his practical concept of Democracy he has committed mistakes by believing in personality and negatively in illiteracy and also forgetting the essence that an election is the most powerful expression of people's vote voice.

Yours etc

LEFTIST ACTIVITIES AFTER ELECTION OF SRI SARAT BOSE.

19.6.49. (12) dated

The leftist parties and groups, which accorded their united support to Sri Sarat Bose in the last bye-election from South Calcutta, have been busy consulting one another. They wish to give shape to an agreed political programme for being presented to Sri Sarat Bose on his return to India. As in the past, they remained wide apart in so far as politics and programme are concerned. Sheel Bhadra Yajee and Saumyen Tagore met and discussed secretly after the election and they expect to exercise the greatest amount of influence on Sri Sarat Bose. They have kept their draft programme a secret for the present.

Sheel Bhadra Yajee has been able to win over the student group of the Bengal Provincial Forward Bloc, which is located at 1/1 Cornwallis Street and led by Dhiren Bhowmik. The latter and his co-worker Amar Chakrabarti, besides others, have given out their final opinion to Yajee that they intend to merge with West Bengal Forward Bloc (Marxist). This student group of Bhowmik has been carrying on a negotiation with Amar Bose and others of North Calcutta to rope in Sri Hemanta Bose, M.L.A. (West Bengal). These students were to meet Amar Bose, Hemanta Bose, Haridas Ghosh, formerly of the Mandabazar Group, at the residence of Amar Bose in the evening of 19.6.49. Sri Hemanta Bose has signified his intention to form a new group, in or outside the Congress, for pursuing an independent programme. Meanwhile, Satya Bakshi has been proclaiming that some Congress M.L.As. would be supporting Sri Sarat Chandra Bose in the West Bengal Legislature.

Bhowmik's student group was keeping contact with the C.P.I. students and the B.P.S.F. Bhowmik has also assured the C.P.I. that his group would support a movement for release of political prisoners. The Communist students gave Bhowmik to understand that the C.P.I. would prepare a political fight for Sri Sarat Bose to seize the opportunity immediately on his return to India. If Bose failed to do so, the C.P.I. would oppose him. In this connection, the C.P.I. students incidentally made an attempt at securing the support of other leftist groups including that of Bhowmik to carry on a movement for defying Orders u/a 144 Cr.P.C., but they failed so far. However, a section of the C.P.I. has been planning for individual terrorism and they have been raising the slogan demanding blood of the West Bengal Ministers to avenge the so-called martyrs.

Makhan Pal of the R.S.P.I. proposes to consult with other leftist groups including Sri Sarat Bose and his party over a programme of agitation for the release of the political prisoners and for the withdrawal of India from Commonwealth.

According to the circles close to Satya Bakshi, the following sums of money amongst others were donated towards the election expenses of Sri Sarat Chandra Bose:-

- Rs. 15,000/- from Bombay supporters.
- Rs. 3,000/- from Gopaladas Mundra of Rajakatra, Calcutta.
- Rs. 5,000/- from Jagannath Koley and others.

It is further talked that Sri Sarat Chandra Bose would undertake another all India tour on his return, for making anti-Congress propaganda.

Bloc, as there were parties inside the congress. The communist-party of India cannot of course be allowed to come inside the Bloc. Ideologically speaking the Bloc will exclude the extreme right (ie ruling clique of the congress) and the extreme left (ie the CP of India). The E.P. must be fitted into this scheme.

I am now in touch with the different left groups here. They all want you to remain above party-factions. You are now the only cementing factor in India left politics. Your presence will be sufficient - furnish day to day activity on your part - will not be possible nor will it be necessary. You have to function only as the symbol of unity. One main effort - till you come back will be to raise money for the "Nation". I shall, of course, remain in touch with all the different groups.

I must say that - I am rather worried about your visit to London. I fear that you ~~would~~

I received your letter of the 4th and the 11th June on the 10th and the 15th June respectively. Your victory has created unprecedented enthusiasm all over India. It has made one thing clear - if the leftist forces in India are able to unite on a common platform, they can take over political power from the Congress. What is desired is a political platform as wide as the National Congress. No single leftist party can do the job - all the leftist parties in combination will be sufficiently powerful to wrest political power from the Congress. What we have to form is an organisation, with a constitution similar to the Indian National Congress. This new organisation may be called the United Socialist Bloc. There may be parties inside the

Sir,
Now it has become a frank fact that Indian masses are behind the progressive forces and S.J. Sarat Chandra Bose is the symbol for that. So would you kindly ask Prime Minister NEHRU and the Dy. Prime Minister, Sardar Patel to resign their posts as the public have no confidence in them.

Also in this connection we wish to inform you that one party Government will not do. It is clearly proved that these two men represent only the Congress Party. Because they have broadcasted for their own man. Can a Prime Minister of India, broadcast or canvas through Radio for an individual of his Party. We must not keep a party man in the head of our Government. We earnestly ask them to quit otherwise they will have to reap the result. We only want all party Government in the Centre and they must honour N. TAJI. Staying in the head of the Government of India, the Greatest Leader who brought Indian Independence, must not be allowed to, be dishonoured.

We will say one thing to Mr. Nehru. He must have to give up all Anti-Netaji sentiments which is being cherished by him in his mind and then only he would be accepted to stay in the Cabinet. Otherwise he must go. We will compel him to go.

Intoxication

Political power intoxicates one worse than alcoholic beverage otherwise I don't see how and why the political leaders at Delhi did not find the support of mass-mind in their South Calcutta electoral defeat. It is a peculiar mentality not to see things in true perspective when there are reverses. This is to me due to intoxication of powers they wield. This malady was the cause of the downfall of much bigger person as Hitler and other autocrats I say the leaders have still time to rectify their vision and settle up all disorders and misdeeds in their ranks against which the mass-mind both of ordinary men and of intelligentsia are now up in arms and if it remains unheeded for further length of time all may have to quit their lucrative jobs in hot haste and the country will be plunged into untold miseries. Panditji may not be aware that in open meetings many speakers openly challenged him to contest the seat himself and not by lesser fry and we are of opinion that if the challenge was accepted the result might not have been otherwise. A stitch in time saves nine

Dated New Delhi 15th Jun 49

Dear Editor,

You can well imagine what joy and happiness the election results brought us here. Amidst the gloomy depression disappointment and frustration that surround us, we received the news with great emotion which our tears of joy betrayed. The news, which brought us new hopes, was the brightest of the year.

Though a non-Bengali, I can not but be proud of the noble sentiment of the masses expressed in the voting, inspite of the vile propaganda of the Congress Press, crocodile advisers of the so-called leaders and the red eyes of the Mountbatten premier Mr. Nehru. For, in the results, is born hope, not for Calcutta or Bengal alone, but for whole of India. And we are all Indians.

True, my Congress friends assert, Sarat Babu contested with an ordinary man in the Congress. But if the Congress could, they would have certainly brought out an extra-ordinary man from its ranks. The stock of extra-ordinary Congress men is exhausted in the Ministry making and filling up other high positions. But then, the issues involved in the election are large and only blind can say they do not see them. The holy bond which united the leftists, must tie together the timeless and brave fighters for freedom in the country. To overthrow from their positions, the job hunters who call themselves Congressmen, and whose past sacrifices can be compared to the wounds, suffered by a gang of robbers during a robbery, the unity of the left must be preserved. Let all our differences be sunk in face of the common danger. We see in Sjt Bose the emblem of unity of fighters for freedom for India's enslaved millions. We have got a long way to go. We must pray for Sjt Bose's long life.

Mahatmajis was murdered not by one man. The man, whom we know presented him with the end of a Jesus Christ. He brought to an end his physical existence. But we find fresh assassins, the congressmen and their supporters, busy throughout the country, in bringing to an ignoble end, Mahatma's holy name and his deathless spiritual existence, by their widespread black practices. Who can stop them but the brave left on whose united stand, the country's future depends.

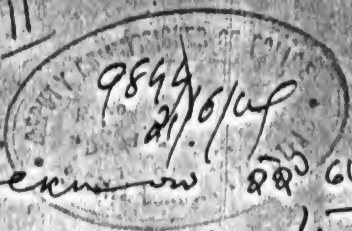

With hearty congratulations and many good wishes.

Yours sincerely

Sd/- K.K. Karunakar

My dear Satya da,

Word fails to express my joy at the victory of Shri
Sarat Chandra Bose in the by-election of the South Calcutta Constituency
by defeating the Congress Candidate. All credit should go to you. Kindly
convey our congratulation to Sarat Babu.

In my previous letter I recommended my friend Shri
Wanchu, who had applied for the correspondentship of The Nation, in
Lucknow. Shri Wanchu is personally known to me since 1942 and was
actively acquainted with me in the movement. He is a graduate from
Lucknow University. He is working as joint editor in the Hindustan
Weekly, Lucknow. He takes interest in The Nation and the Socialist,
Republican Party. I think he will be very useful in your paper.

I shall be going to Calcutta by the end of this

I wrote to you a letter on the

worry yourself about the election.
Seeing the ~~the~~ ^{of the} temper in general,
I had no doubt about the result
and the declaration of the result
yesterday has amply justified
the popular views & beliefs.
I take the result of the poll,
not so much as a personal
victory in your favour, because
you were thousands of miles
away from the scene & were not
touched by the slanderous personal
personal attacks that our
so called "nationalist" papers
thought fit to pour on you -
although all in vain, but I ~~had~~
told it as a sequel to the many

many acts of omissions and
commissions by the present Congress
leadership, which have ~~exaggerated~~ ^{exaggerated}
the people so much that some of
these have gone beyond the limits
of propriety - in creating some
unseemly scenes. While no decent-
man will support such acts, I
wonder whether it has ever
struck our great leaders. Why &
~~now~~ ^{now} is it that the same people
who had previously faced police
& military bullets and braved
countless other privations at the
call of these leaders, should now
go out of their way not only to
disobey, but even insult these
leaders? I hope the South Calcutta
elections may yet open their eyes &
they will come ^{down} from their present
olympic heights & try to understand
the way & needs & miseries of the
common people. If they don't, the
indication is clear.

I hope you are progressing
well towards complete recovery.
Please don't be anxious to come

All well here. I had been

My dear Hejima-hakaba;

I have got nothing very special
to congratulate you, as I am not
overwhelmed over the result. To my
mind, it has been what it
should be & could not have been
otherwise. I have therefore accepted
this signal victory of ours very
^{modestly} immediately. The Official B.P.C.
group has also been defeated in
to-day's requisition meeting and
your erstwhile shoe-polisher out-
lawfuldar assaulted. While going
out of the meeting. See this work,
no misdeeds can go on unpunished
for ever, and like yourself, I am
also a great believer in God's
mercy and infinite kindness.

I wrote you a letter on the 5th
night (rather midnight) immediately

F-4²⁶

I got yours of the 1st. I hope the
same reached you duly. Probock is
here and he has made preliminary
arrangements regarding the withdrawal
of bank or "note". Mural Amin was
ill for some time and the matter
could not be thrashed out. He is
going to Dacca so - soon. The
League Council meeting will be
held there on the 17th and he
is ~~very~~ confident that he would
be able to do this job this time.
About sale of shares and a selling
agent, he could not do anything
tangible so far as he was very
busy regarding Bank's case in
Dacca High Court. He has however
reiterated to me that he would
keep the promise he made to you
I will also see after him and see
that something is done by him.
Probock and myself were before
the Dalhousie Institute from 2 P.M.
to 6 P.M. and at that time I
introduced him to Jiten Babu.

I could not contact Chitto ~~to~~
personally but I got him on the phone
last week. He told me then that he
had not got the money from Suresh
Mazumdar, though the latter is in

1-5205
Calcutta now. Now that - I am free
I will contact Chitta and ascertain the
position.

There had been two or more very
insignificant young men, who gave
all their "blood" for you, when you
will return here I will take
them to you, a pat or a word
of appreciation from you will kill
them with gratitude, very small
& insignificant people as they are.
Kachi rendered a young man's service
in this election, and I was
sometimes amazed to notice his
capacity for work. In our area,
the polling had been 90% and
that too without practically any
transport arrangement. Credit goes
to my set of workers, headed by
Kachi.

Ja. then went to Dargajiling for
a few days, but returned on the 12th
morning to cast his vote. He is
doing well. How is Majanamina? How
is Astonda? Please send my Pranam
to them. My wife is not doing
well. We hope you are making
rapid progress & may return earlier
with our Pranam. Yours affectionately

16th June 1949

My dear Sarat da

All glory to you for defeating the Congress candidate in the South Calcutta bye-election. It needs hardly be mentioned here that Roy Ministry is diseased from within and without. On the one hand there is acute scarcity of breathing spaces, foodstuffs and daily necessities of life, gross profiteering by black marketeers, and on the other, there is the influx 'en masse' of people from East Bengal, of course for obvious reasons, making Calcutta an impossible city to live in, and last but not least a chaotic state in the province due to bribery, corruption, jobbery and nepotism that have infected the Governmental machinery.

The most important problem now facing West Bengal, is Food and the next item that confronts the common man is Cloth. The prices of foodstuffs are soaring high day by day. The essential foodstuffs controlled by the Government are inadequate as a result of which discontent is now spreading among the labour and middle class bhadralogs. If this situation continues for sometime more, the whole economic structure of the country is bound to collapse.

It is now for you to clean the Augean stable of the present ministry. World War II has been marked by brutalities of a nature that have far surpassed any previously practised. These brutalities have their repercussions in our own country and human beings have become far more hardened than they ever were. The present ministry has developed a degree of callousness to human sufferings. It is now necessary for you to devise means to minimise the sufferings of the people of this province.

I had the good fortune to meet you at Agartala when you visited the State after Noakhali riots. I was then working as Director of Civil Supplies, Tripura State. I explained to you how I was able to mitigate the sufferings of thirty thousand refugees that took refuge in the state after communal riots in Noakhali and other places. During

201

During our conversation you were kind enough to ask me to see you at Calcutta. I have resigned from the Tripura State Service in July 1947 when communal troubles flared up at the frontiers. I understand that you are now in Switzerland for reasons of your health. I shall be glad to meet you after you return to Calcutta.

Kindly drop me a line so as to enable me to know that you have come to Calcutta. Hope you are O.K.

Please accept my best regards.

Yours affectionately

My Dear Bose Sahab,

you should have been present here to witness the keen enthusiasm of voters - old men and women tottering to the polling booths to vote for you. I presume that 90% of the women voted for you - all glory to them! Permit me to offer you my heartiest felicitations on your victory by a thumping majority.

I hope you are growing strong and stronger to give unrelenting fight to political adventurers and interlopers in wrongful possession of power. With my kindest regards and good wishes,

Sarat C. Bose Esq.

yours Sincerely,
